MERT HAMILTON
AGENT IN CHARGE OF OPERATIONS
ROCANVILLE STONE LLC.
PO BOX 35
DELTA UT 84624

Dear Mr. Hamilton:

The review of the Plan of Operations (Plan) you submitted to the BLM on May 24, 2004 has been completed and the following deficiencies/inconsistencies were noted:

1. You must submit your taxpayer ID number as is required by 43 CFR 3809.401(b) (1).
2. A surface compliance inspection conducted on May 21, 2004 revealed that you have placed signs warning of blasting at the Tejon #'s 3 and 4 quarries, yet your Plan does not propose blasting.
3. During your May 24, 2004 meeting with Sheri Wysong and I, you stated that your truck picks up palletted rock at the quarry on a daily basis, yet your Plan calls for sizable pallet storage areas that do not appear to be necessary.
4. There is no interim management plan for the periods of winter non-operation. In the past you have left both equipment and palletted material onsite throughout the winter; however, as stated above, you indicated that you remove palletted material on a daily basis, and as such, it should not be necessary to leave equipment onsite through the shutdown months.

A handwritten signature in cursive script, reading "Jerry W. Mansfield".
